- Coming out of the shooting line with the arrow on the bow
- Drawing the bow in the archers' rest area
- Judges, scorers and agents walking out of the blinds before the three beeps
- Pulling arrows out of the target

NOT POLITE & NOT SAFE

"It isn't polite to point."

If any animal seen on the field. Call the judge!!!  
DO NOT SHOOT until the situation is under control

**Can some one get injured by this simple act??  
What if there is an archer waiting right behind??**

Watch around before removing the arrows

Take your position on the field and never use your bow  
If you are not on the shooting line and there is no signal  
for shooting

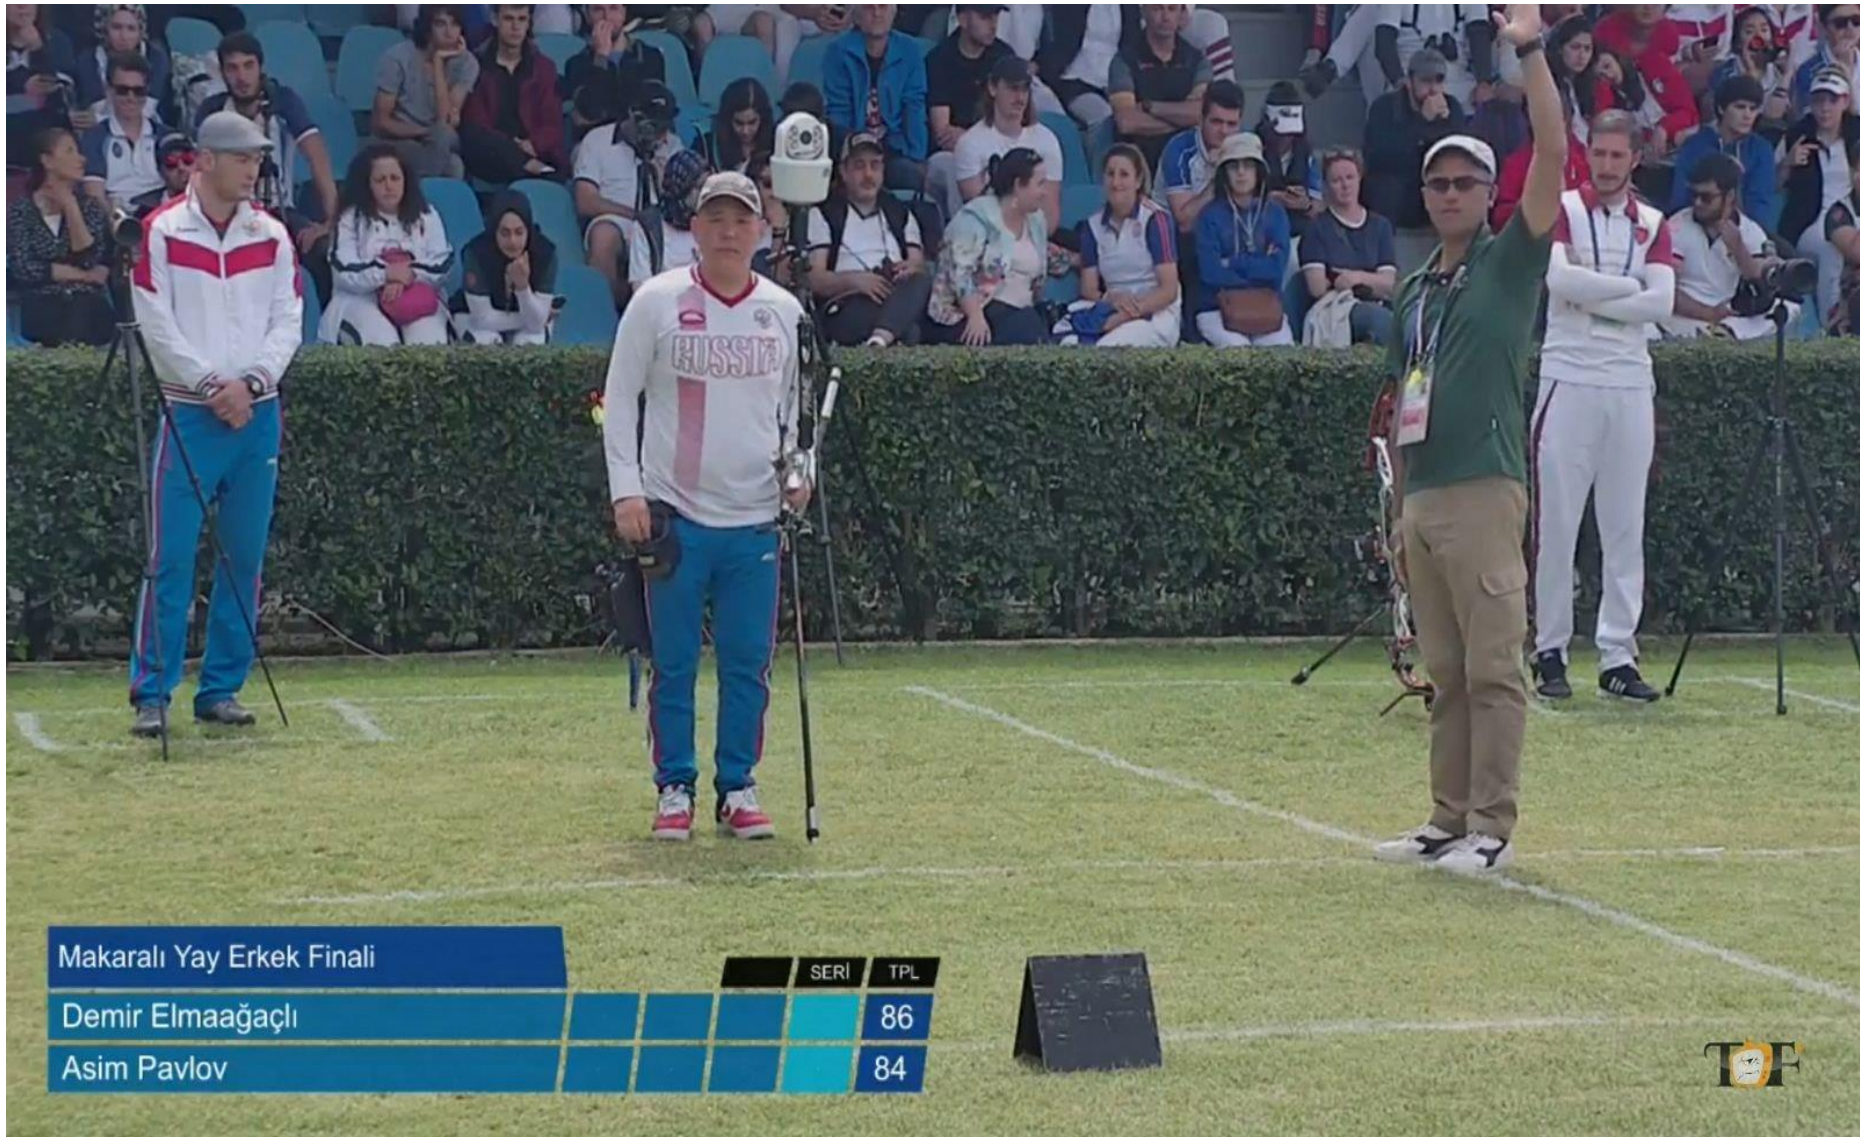

Stand on the shooting line while shooting  
Never move forward during shooting

WAIT for the SIGNAL, SOUND  
and COMMAND before SHOOTING

# Safe standing and replacing the arrow before shooting

- When drawing back the string of his or her bow, an athlete must not use any technique which, in the opinion of the judges or instructors, could allow the arrow, if accidentally released, to fly beyond a safety zone or safety arrangements (overshoot area, net, wall, etc.).
- If an athlete persists in using such a technique, he or she will, in the interest of safety, be asked by the Judge or Instructor to stop shooting immediately and to leave the field.

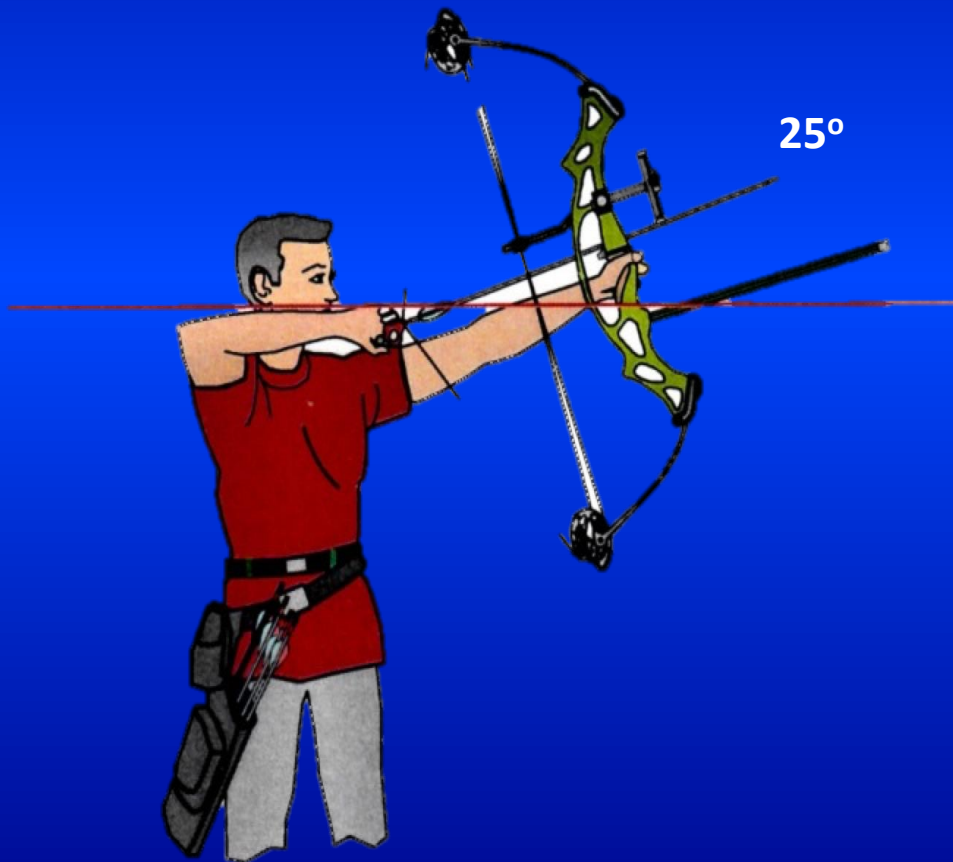

# High Draw & Wide Draw

- What is considered a high draw?
- What is considered a wide draw?
- Is it the same for compound and recurve bows?
- What should we do when we consider a specific technique to be a safety issue?
