International and Turkish National Archery Judge

GAME RULES SHOOTING TIMES

In Modern Archery Athletes can enter the following **Competition Sections** in Target Archery competitions: according to they compete;

1- Olympic (Recurve) Bow

2- Compound Bow

In Open Air Archery Competitions;

1st round. 6 arrows 6 series . 2nd round 6 arrows 6 series 72 arrows in total .

Both Classic (Olympic) and Compound Bow categories.

Outdoor Qualifying Shootings-720 Round

720 ROUNDS:

Classic – Recurve (Olympic) Bow Women / Men \Rightarrow 70 meters

Classic Bow (U21) Women / Men \Rightarrow 70 meters

Classic Bow (U18) Women / Men \Rightarrow 60 meters

Compound Bow All Age Groups \Rightarrow Shoots are made to distances of 50 meters .

At distances specified in the above categories Example: 1st round 70 meters 6*6 arrows = 36 arrows **Total 72 arrows**

A total of 72 arrows are shot (6 arrows x 6 series x 2 rounds) . 2nd round 70 meters 6*6 arrows = 36 arrows

In Indoor Archery Competitions;

Sequence Shootings on both Olympic – Recurve & Compound Bows;

- distance of 18 meters in all categories and age groups .

- 2 x 30 arrows each (3 arrows x 10 series x 2 rounds) .

- Example:

1st round 18 meters 10 series*3 arrows = 30 arrows	} Total 60 arrows (600 points)
2nd round 18 meters 10 series*3 arrows = 30 arrows	

Individual Qualification Shootings ;

- According to WA rules, **the athletes in the first 104 places as a result of the qualifying shoots** are entitled to participate in the individual elimination shoots and are matched with each other according to the match table determined by WA rules.
 - In the team elimination rounds, ***the top 24 teams according to their categories*** take part.
-

Individual Qualification Shootings ;

- WA rules, **the athletes in the first 32 places as a result of the qualifying shoots** are entitled to participate in the individual elimination shoots and are matched with each other according to the match table determined by WA rules .
 - In the team elimination rounds, ***the top 16 teams according to their categories*** take part.
 - Individual Qualifying Shootings are held **from a distance of 18 meters**
-

COMPETITION SHOOTING TIMES AND LIMITS

BASIC COMPETITION FORMS (DISTANCES AND NUMBER OF ARCHERS)

Basic Competition Forms (Distances and Number of Arrows Shot)

Individual Qualification Round

- **Recurve Bow ;**

- A match consists of 5 **sets of 3** arrows each. occurs .
- The athlete who scores the highest score in a set **wins 2 set points, but** his opponent does not get any points. **In a draw, both athletes** earn 1 point each .
- **Athlete reaching 6 points** wins the match .

- **Compound Bow;**

- A match consists **of 5 lines** of 3 arrows each .
- Both athletes **win for the total points they scored in that series.**
- **The athlete with the highest total score** at the end of 5 series wins the match.

Athletes with equal set points or total points at the end of 5 sets or 5 series are declared a draw.

Tie; It is eliminated with 1 arrow shot (shoot-off).

(Standard procedure-1 arrow shot wins arrow close to the center.)

Team / Mixed Team Elimination Competitions:

- *In Team Competitions , the athletes in the team* make a total of **6 arrow shots** as a team, 2 arrows each, and the total time given is **120 seconds**.
 - *Mixed Team Competitions , the athletes in the team shoot 2 arrows each* , making a total of **4 arrow shots** as a mixed team, *and* the total time given is **80 seconds** .
-

Individual Elimination Round - Alternate Shots

Individual Final Round

- Matches **alternate shooting (20 seconds for each arrow)**
 - **The athlete with the highest score *in the qualifying rounds*** decides who will start the first series/set in the match.
 - Then, ***the recurve bow athlete with low total set score or the coil bow athlete with low cumulative set score*** takes the first shot in the next series.
 - ***In case of a tie in points,*** the athlete who started the match first takes the first shot .
 - In case of a draw at the end of the match, **the athlete who started the match first takes the first shot in the tie shot .**
 - Athletes will not participate in scoring, they must appoint an agent to observe the scoring, draw arrows and mark arrow holes.
-

Team/Mixed Team Competition Round

- only **one athlete is at the shooting line**, the other athletes remain 1 meter behind the line.
 - **More than one athlete from the same team cannot be in front of the 1 meter line at the same time .**
 - Athletes who come to shoot cannot take **arrows out of their quivers until they sit on the shooting line .**
 - **Compound Bow**; The athlete cannot come to the shooting line with his trigger attached to his bowstring .
 - **For athletes who violate the above rules, the judge will show the yellow card and announce the name of the team .**
 - In this situation; **The athlete in question must return 1 meter behind the team waiting line and come to the shooting line to start shooting again. (may change with another teammate.)**
-

Team/Mixed Team Competition Round

Recurve Bow:

- A match consists of 4 sets of 6 arrows (4 each for a mixed team). occurs.
- The team that scores the highest in a set wins 2 set points, but its opponent does not get any points. In a draw, both teams win 1 set point.
- First team to reach 5 points wins the match.

Compound Bow:

- A match consists of 4 series of 6 games (4 each for a mixed team). occurs.
- Both teams win by total points scored in that series.
- The team with the higher cumulative total points at the end of the 4 series wins the match.

In case of equal set points (recurve) or equal total points (compound) at the end of 4 sets or 4 series, the tie is resolved with 3 (2 for mixed team) arrow shots. (Standard procedure)

Team and Mixed Team - Final Shootings

Shooting Management)

Unless otherwise stated, each athlete shoots short and long distances in series of 3 arrows or 6 arrows each.

- **Outdoor**

- **6 arrows** in the Recurve and Compound Bow Qualifying Rounds at long distances ,
- At short distances, 3 or 6 (compulsory in World Championships) arrow shots are made .
- In Individual Elimination Competitions, **3 arrow** shots are made.

- **Indoor:**

- **3 arrows** for qualifying shots at all distances ,
- In Individual Elimination Competitions, **3 arrow** shots are made.

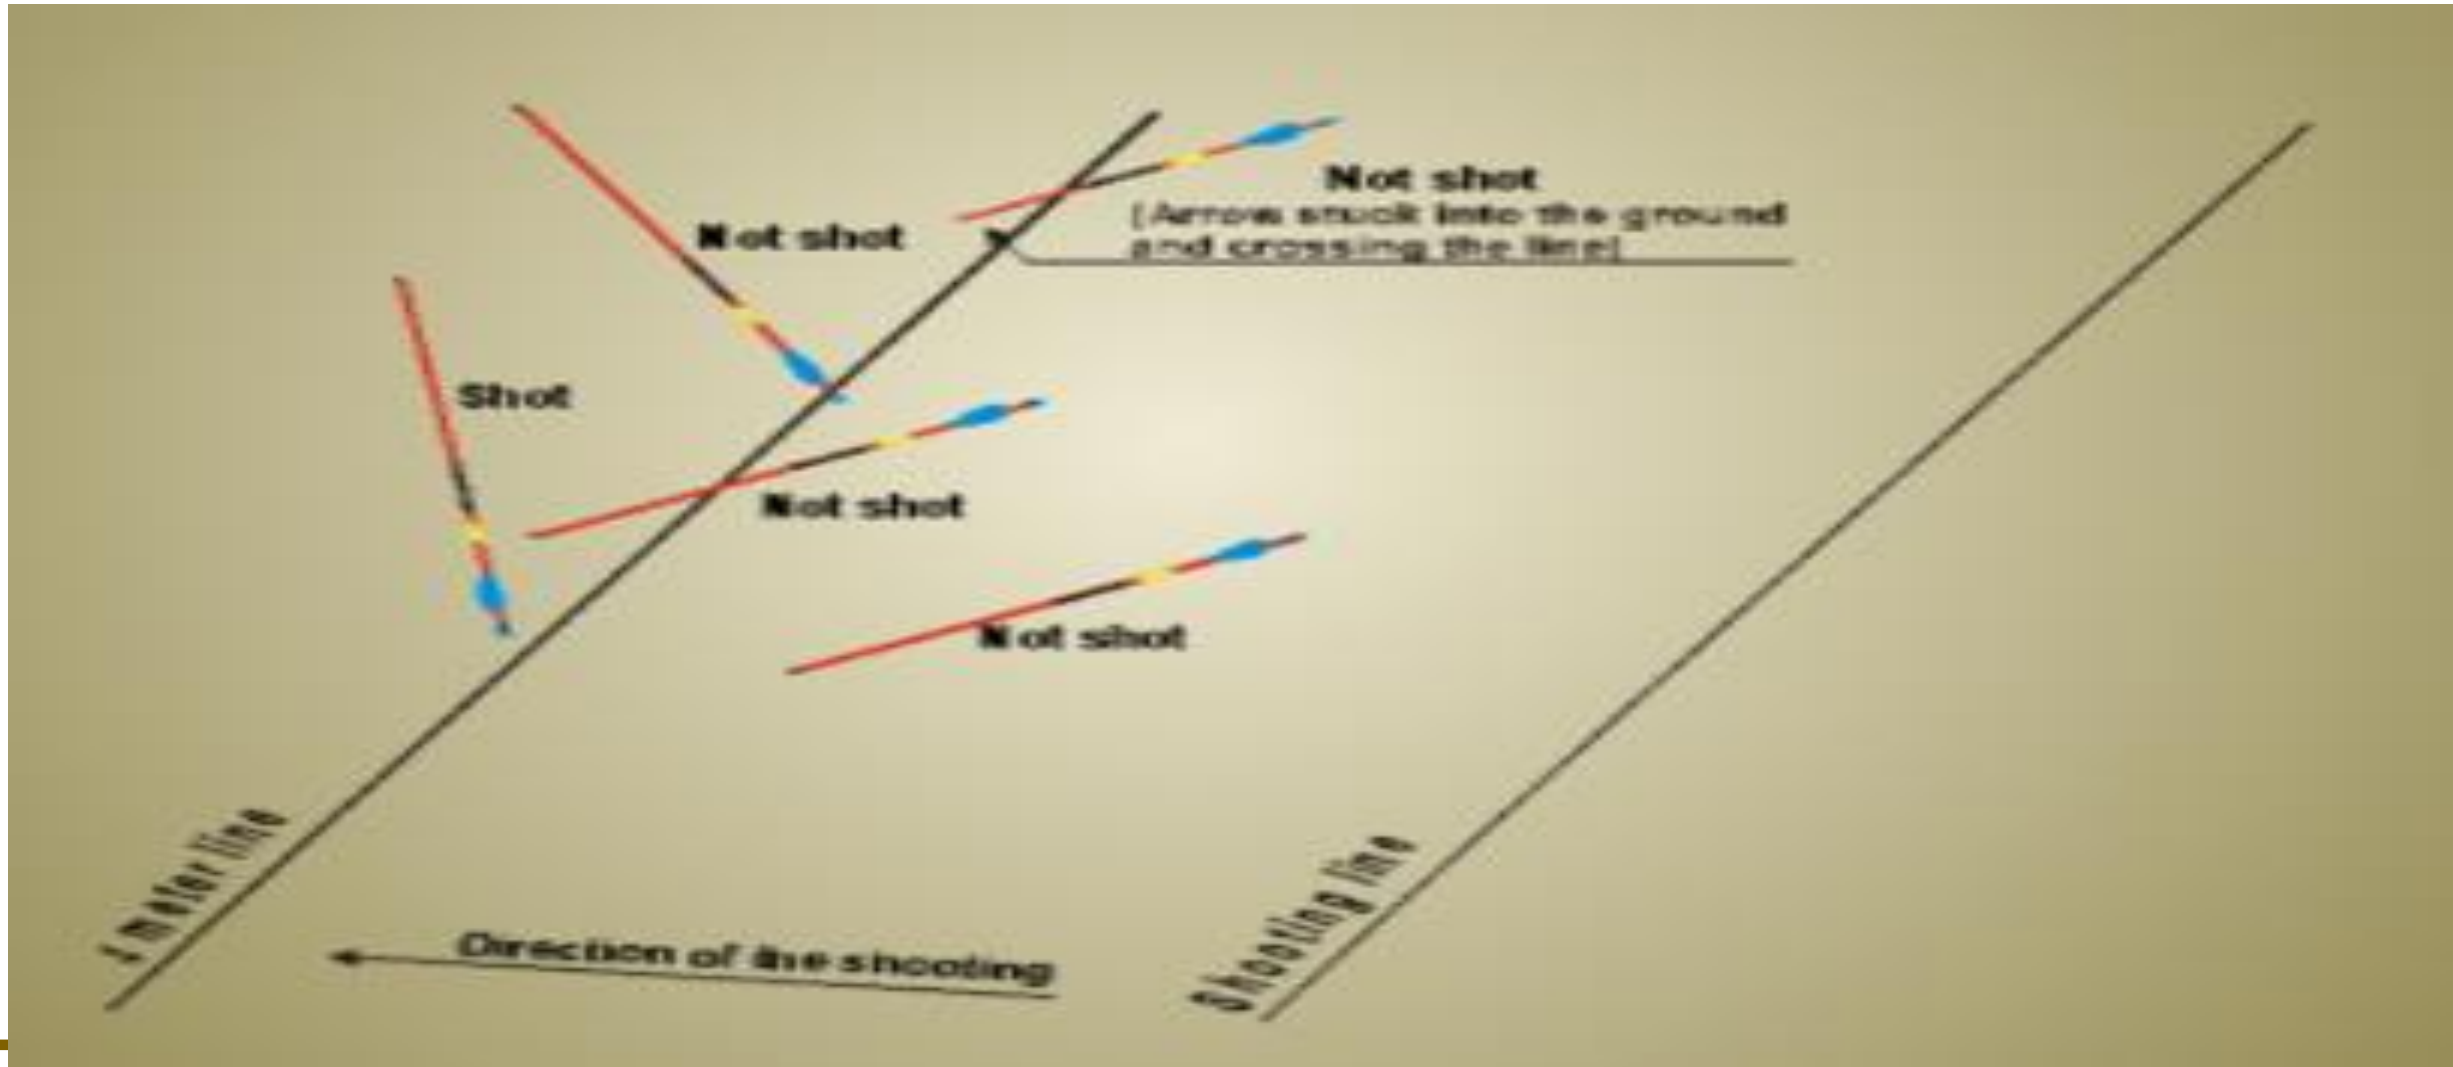

According to the new rule; **Compensation arrow shooting will not be allowed** in the qualifying rounds due to - **equipment failure** - or - **health problems** .

Shooting and Management

- Athletes cannot lift the bow arm **until the shot signal is given** .
 - Except *for disabled athletes, all athletes* shoot **standing and without support, with their bodies above the shooting line** .
 - **Athletes and teams that passed bye** or whose opponents did not show up **Their scores will not be recorded on the score card and they will advance to the next round. (The individual athlete or team whose opponent does not come will sign the scorecard.)**
 - These athletes can make training shots in the training field or in unused parts of the competition field in international competitions.
 - If there is no training area nearby for other competitions, they can make practice shots at the targets they are assigned to.
-

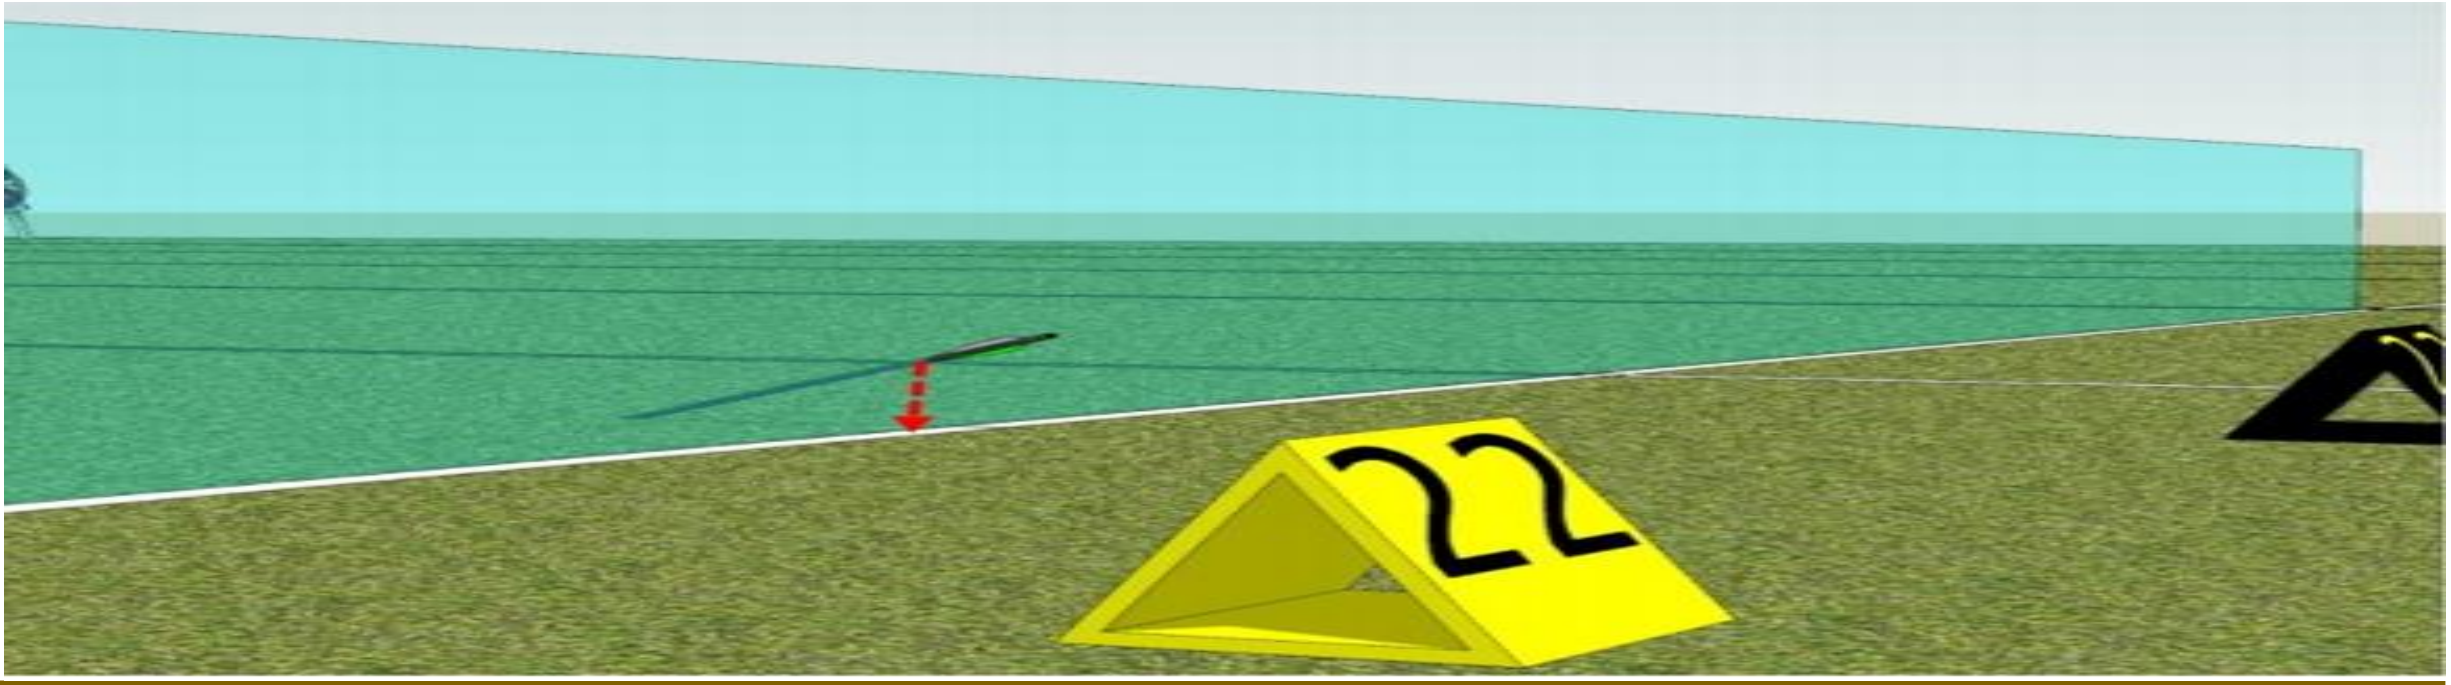

Arrows That Will Be Considered Not Shot:

- Under no circumstances should an arrow be re-fired.
 - An arrow can only **be considered unshot under these conditions:** 
 - ❖ If the arrow falls from the athlete's hand or is accidentally thrown, **provided that it does not rebound from the target**, and a part of the arrow body (shaft) falls in the area between the shooting line and the 3 meter line;
 - ❖ If the target paper is torn to the point of not being able to score arrows, or if the target mat (even though it is attached) falls over.
 - Judges must take all precautions they deem necessary and give the athlete time appropriate to the number of arrows considered not to have been fired to make up for his arrows. (30 seconds for 1 arrow)
 - If the target just slipped and fell, then the decision is left to the referees and they decide what to do (arrows that can be scored are not re-thrown).
-

Shooting and Management

- Instead of an arrow that falls within the 3 meter line and is considered unthrown , the athlete can shoot a new one within the shooting period. If it is not thrown, the trailer is scored as " M ". **After the shooting time ends, no additional time is given to shoot this arrow.**
- Even if an arrow is stuck outside the 3 meter line, if the arrow's projection is at or within the 3 meter line even though the body of the arrow does not touch the line, **this arrow is considered not shot.**

Shot Order and Time Management

Shot Order and Time Management

INDIVIDUAL COMPETITION TIMES

- **Qualification Round**

6 arrows 180 seconds (outdoor)

3 arrows 90 seconds (indoor)

- **Material defect and Health Problem Shots**

****Material Defect and Health Problem shots in the Qualifying Rounds have been removed in all categories except the U15 (Stars) and U13 (Juniors) Categories.****

- **Elimination Round**

3 arrows 90 seconds

- **Tie Shot**

one arrow 30 seconds

- **Final Round (Alternate Shooting)**

20 seconds for each arrow

- **Tie Shot**

1 arrow 20 seconds

TEAM COMPETITION TIMES

- **Elimination Round**

6 arrows 120 seconds _

- **Tie Shot**

3 arrows 60 seconds _

- **Final Round (Alternate Shot)**

120 seconds

- **Tie Shot**

3 arrows 60 seconds

MIX TEAM COMPETITION TIMES

- **Elimination Round**

4 arrows 80 seconds

- **Tie Shot**

2 arrows 40 seconds

- **Final Round (Alternate Shot)**

80 seconds

- **Tie Shot**

2 arrows 40 seconds

Shot Order and Time Management

- If the judge of the competition is not convinced about the excuse that if an athlete arrives late after the competition has started, **the athlete will lose the arrows he/she has not shot until then.**
 - If the athlete's late arrival to the competition **is accepted**; He is allowed to make up for the arrows he could not shoot at the end of the shooting distance. **However, under no circumstances it can not exceed 12 arrows .**
 - In alternative shooting, **the athlete/team who is not present when it is being decided who will start shooting, or the athlete/team who is not present at the start of the match in the elimination round (both athletes/teams) will be deemed to have lost the match as a penalty.**
 - **In case of an absence on one side. The athlete/team present at the target assigned at the beginning of the match or at the moment when it is being decided who will shoot. is declared the winner of the match.**
-

Training Periods (Trial Shootings)

In competitions, training/trial shots can be made in the competition areas:

- In the World Championships; On each day of the qualifying rounds, **a minimum of 20 and a maximum of 45 minutes of practice is done.**
 - **Practice** ends with releasing the arrows at the 3rd end.
